

## WEEK 2: STARSEED CITIES OF LIGHT

DECEMBER 1 – 7, 2025 · | [HTTPS://PROPHETICDAO.COM](https://propheticdao.com)

### ACTIVATE THE GLOBAL NETWORK OF REGENERATIVE LAND PROJECTS

Week 2 of the Prophetic DAO Incubator is dedicated to land stewards, architects, designers, community builders, and anyone called to co-create regenerative villages. This immersive 7-day incubator takes participants from vision to village, weaving ancestral wisdom, regenerative design, finance, and spiritual activation into a living blueprint for the New Earth. During this week you will:

-  Blueprint regenerative community models — from land stewardship and governance to shared-income structures, DAO integration, tokenization and global home ownership programs.
-  Design masterplans in real time alongside experienced planners, architects and quantum computing.
-  Activate Starseed portals, connect with planetary civilization, and awaken the ancestral wisdom, weaving Mayan ceremony and sacred architecture into practical land development.
-  Join a growing network of regenerative land projects uniting across the globe.
